

To whom It May Concern: Please do not allow cell phone use in an air- plane. Just as the cell phone should not/is not used in the Immigration and Customs Halls, it should not be used in the aircraft. Terrorists would absolutely have a field day with the use of cell phones on the plane. It also has not been disproven that cell phone usage interferes with cockpit communications and controls. Cell phone usage in an airplane would cause unrest, confusion and arm terrorists making flying unsafe. I am a flight attendant for 36 yrs. Please know that experience influences my statement! Thank you.
